Action is Happening!

Over the past couple of months *Winning Yachts* have been busy crafting a 14.5m luxury power catamaran. This vessel designed by *Nekton International* will be driven by 2 x *Man V8900* engines and *Rolls Royce Kamewa Waterjets*. She will be geared for luxury charter cruising.

Since our last newsletter we've been crafting:

- 14.5M LUXURY POWER CATAMARAN
- 10M LINE BOAT
- 6.6M AIR RIDER FITOUT
- 13.8M INTRIGUE FITOUT
- ASSORTED ITEMS INCLUDING
- BIMINI
- SQUIRTERS
- PICNIC TABLES
- CUSTOMISED TOOL BOX
- TASTEFUL ART SCULPTURE

Dreaming of Fishing

Global Marine Design 6.6m *Air Rider* has returned to our workshop after being painted by *Ultra Marine Coatings*. She's getting her final fit-out: windows, refrigerator, rod holders, sink, bait and cutting board, comfy seats, *Raymarine* equipment, electrics and all those necessary items to make life a breeze when out on that fishing expedition.

Line Boat

Steady progress is being made on this 10m commercial *Mark Williamson Design* ship's line tender, soon to be seen working at the Port of Brisbane.

Being a monohull work vessel, she boasts features necessary for this type of work, a regular prop system with bow thruster and a moulded tunnel for the prop.

We specialize in:

- ANYTHING IN ALUMINIUM—WHATEVER THE PROJECT
- COMMERCIAL BOATS
- TOOL BOXES
- TANK STANDS
- CARAVAN FITOUTS
- TRAILER FITOUTS
- SPECIALIZED APPARATUS
- PONTOONS
- BOAT FOILS
- PROP GUARDS ETC

We also can supply most incidental boating equipment notably for larger vessels—JUST ASK
